## CAREER OBJECTIVE :

---

Motivated and detail-oriented MERN Stack Developer with a strong foundation in MongoDB, Express.js, React.js, and Node.js. Passionate about building responsive web applications and writing clean, maintainable code. Seeking an entry-level opportunity to apply my technical and problem-solving skills in a collaborative environment.

## PROJECTS :

---

### Travel Planner

Travel Planner is a user-friendly web app built with HTML, CSS, and JavaScript that helps users organize and plan their trips. It allows users to add destinations, set travel dates, create to-do lists, and manage itineraries all in one place. The interface is fully responsive, making it easy to use on any device, from phones to desktops.

### HireMeHub

A full-stack job and portfolio platform built using MongoDB, Express, React, and Node.js. Users can create profiles, upload resumes, showcase projects, and apply for jobs. Includes JWT authentication, Cloudinary resume uploads, and a responsive UI built with React and Bootstrap.
